	<p>Given the extraordinary circumstances insurance customers are facing, the Arizona Department of Insurance will not take regulatory action against property and casualty insurers for COVID-19-related customer relief payments or premium forgiveness programs provided during the period of the governor-declared public health emergency, even if those payments exceed the \$100 limit in Arizona's prohibited inducement statute, so long as they are implemented in a manner that is not unfairly discriminatory to customers (e.g., the criteria for receiving relief are not unfairly discriminatory and all customers who meet the criteria receive the relief). Insurers who implement a customer relief payment or premium forgiveness program in Arizona must make an informational filing in SERFF, notifying the Department of certain items. Please click on link to Department website for further information.</p> <p>4/13/2020 Executive Order 2020-07 requires Department of Health Services in conjunction with Department of Insurance to mandate that all insurers regulated by the State cover telemedicine visits at lower cost-sharing point for consumers than the same in-office service to encourage utilization of telemedicine.</p> <p>4/15/2020 Regulatory Bulletin 2020-03 advises insurance companies regarding flexibility the Arizona Department of Insurance is offering with respect to compliance with regulatory requirements during COVID-19 public health emergency.</p> <p>4/17/2020 <u>By Regulatory Bulletin 2020-04 the Arizona Department of Insurance encourages insurers to offer specific types of relief. <p>Commissioner Lara issued Notice dated April 6, 2020 regarding “Compliance with Regulatory Filing and Submittal Requirements During the COVID-19 Public Health Emergency”</p> <p>4/9/2020 By Press Release Commissioner Lara alerted insurance companies that all workers affected by COVID-19 on the job are eligible for workers’ compensation benefits regardless of their immigration status. This includes workers engaged in front-line occupations such as health care, emergency services, food production, sales, and delivery, among others.</p> <p>4/13/2020 By Notice dated April 9, 2020, Department requests that insurers not deny a claim under a personal auto policy solely because the insured was engaged in providing delivery service on behalf of a California essential business impacted by the COVID-19 related closures, and the delivery driver was operating within the course and scope of their duties on behalf of such essential business. Please click on link for Notice for additional requests by Department.</p> <p>4/14/2020: By Bulletin on April 13, 2020, the Department ordered insurance companies to return insurance premiums to consumers and businesses and provide much-needed financial relief during the COVID-19 emergency. The Bulletin covers premiums paid for at least the months of March and April — including the month of May if “shelter in place” restrictions continue — in at least six different insurance lines: private passenger automobile, commercial automobile, workers’ compensation, commercial multi-peril, commercial liability, medical malpractice, and any other insurance line where the risk of loss has fallen substantially as a result of the COVID-19 pandemic.</p> <p>4/15/2020 By Notice dated 4/15/2020, the Department notified all agents, brokers, insurance companies, and other Department licensees that they are required to comply with their contractual, statutory, regulatory, and other legal obligations in connection with all California insurance claims including, but not limited to, Business Interruption insurance claims, event cancellation claims, and other related claims filed by California businesses.</p> <p>4/23/2020 By Notice dated 4/22/2020, the Department advised that any insurer or surplus line broker filing a premium tax return that requires the payment of less than \$1 million in premium tax (based on the 2019 Annual Tax Liability) is granted an automatic 3 month extension to file its premium tax return and to pay any required premium tax. Any insurer or surplus lines broker that qualifies for the automatic extension will also be relieved automatically from any penalty or interest that would</p>	<p>Extension of Policyholder Deadlines that Impact Claims</p> <p>Notice April 3, 2020: Prelicensing Requirements</p> <p>Notice April 6, 2020: Compliance with Regulatory Filing and Submittal Requirements</p> <p>Press Release: Alert About Immigrant Workers’ Eligibility for Workers’ Compensation Benefits</p> <p>Notice April 9, 2020 Coverage for Delivery Drivers for California Essential Businesses</p> <p>Bulletin 2020-3: Premium Refunds, Credits, and Reductions</p> <p>Press Release April 13, 2020 – Re: Bulletin 2020-3</p> <p>Notice April 14, 2020 Requirement to Accept, Forward, Acknowledge, and Investigate All Business Interruption Insurance Claims</p>

<ol style="list-style-type: none"> 1. Waiver of certain requirements to address COVID-19: This bulletin applies to health insurance carriers offering individual or employer sponsored group major medical health and dental insurance policies, allowing flexibility regarding premium deferral, premium holidays, continuation of coverage, grace periods, and waiver of eligibility requirements. The goal is to provide carriers and employers with the tools to retain coverage even while temporarily closed or operating in reduced hours. 2. Temporary waiver of certain pharmacy benefit policy requirements: This bulletin allows flexibility of prescription provisions for all fully insured plans, including the allowance of early refills, 90-day supply, and avoidance of in-person signature logs and subsequent audits of pharmacies. 3. Temporary waiver of certain policy and enforcement requirements: This bulletin applies to health insurance carriers offering telehealth benefits through individual or employer sponsored group major medical health insurance policies. Flexibility is granted to expand telehealth access to all in-network providers and expand how telehealth services can be received. 4. Provisional producer licenses: This bulletin allows new producers and applicants for producer licenses the procedure for obtaining a provisional producer license during the COVID-19 emergency. A provisional resident producer license is valid for up to six months and does not renew automatically at the end of the license period. <p>April 15, 2020: Please see the Department's encouragement for insurer flexibility.</p> <p>April 22, 2020: The Department has released two Bulletins. <p>- In order to be proactive in protecting employees from exposure to the virus, the Kansas Insurance Department will implement alternative working arrangements for its employees. This may result in a delay in processing times for matters requiring Department approval.</p> <p>- All such regulatory statutes in Chapter 40 that have a “deemed approved” or similar clause are without effect during the period of the emergency proclamation. For example, K.S.A. 40-955 and 40-2215 provide that certain rate and form filings shall be deemed approved unless disapproved within 30 days of receipt of the filing.</p> <p>- Applications for producer licenses may encounter delays due to Department work schedule modifications. The Department is aware that many counties are not providing fingerprinting services for licensing purposes during the coronavirus emergency. This may also cause delays in the Department’s ability to process licensing applications. Delay in coordination with other entities impacted by coronavirus response measures may also cause delay in approval of applications for certificates of authority to transact business in Kansas.</p> <p>- At this time, the Kansas Insurance Department is not suspending the Kansas unfair method of competition and unfair or deceptive act or practices statutes, associated regulations, and the Kansas Insurance Department’s policy and procedure implementing the NAIC’s unfair claims settlement practices model regulation. However, insurers are encouraged to proactively notify the Insurance Department’s Consumer Assistance Division of any issues they may have with complying with these laws that are a result of a COVID-19 response measure taken by the insurer. Such notification will be considered by the Commissioner in enforcing K.S.A. 40-2405.</p> <p>- The Chat feature of the KID website will be offline March 23rd until April 6th.</p> <p>April 1, 2020: The Department issued the following via SERFF: The Kansas Insurance Department wants to remind companies that our Health & Life Division is working remotely and we are currently accepting new and revised form, form/rate, rate, and advertising filings for all health, life and annuity TOIs via SERFF.</p> <p>April 16, 2020: Issued via SERFF: Due to decreased driving habits of consumers, many property and casualty insurance companies have announced plans to offer temporary or one-time discounts or refunds during the COVID pandemic. <p>June 17, 2020: In Bulletin No. 20-27, the Department states that acknowledges that the impacts of the COVID-19 pandemic may have hindered the ability of carriers to conduct surveys of patients and providers to measure compliance with the appointment waiting time standards required by COMAR 31.10.44.05 during the period of time when the pandemic was at its peak. To the extent medical practices participating in a carrier’s provider network were affected by temporary closures, reduced hours of operation, and reduced administrative staffing levels during the pandemic, results of surveys seeking information after the pandemic was declared may not accurately reflect the availability of providers in the carrier’s network. Of course, the pandemic would not have affected a carrier’s ability to measure appointment waiting time standards for the first half of the reporting year. Furthermore, appointment waiting times may have been impacted by potentially offsetting positive and negative factors during the pandemic, including reduced availability of in-person appointments, decreased demand for non-urgent health care services, and expansion of telehealth services.</p> <p>July 7, 2020: Per Bulletin 20-28, states that the Administration will be requiring each property and casualty insurer holding a certificate of authority in the State, as well as the Maryland Automobile Insurance Fund and the Chesapeake Employers Insurance Company, to make an informational filing in SERFF with the details of its COVID-19 response efforts. Specific information regarding the parameters of the informational filing will be provided in an upcoming Bulletin.</p> <p>August 11, 2020: Per Bulletin No. 20-30, effective immediately, health carriers are to suspend health benefit cancellations and nonrenewals of individual health policies for non-payment of premium. This regulation shall be in effect for a period of 60 days, at which time the Commissioner will determine whether to renew the Bulletin.</p> <p>August 13, 2020: Bulletin No. 20-30 has been updated. <p>Recently issued by letter from the Division: The Division encourages property and casualty insurers who have experienced significant decreases in insured risk exposure – for instance, due to significantly reduced driving by customers of personal automobile insurance – to offer premium reductions which reflect such decreases in exposure. The Division is pleased to have received numerous such proposals from insurers in the preceding weeks and has granted expeditious approval to the proposals that have been filed via SERFF.</p> <p>It has come to the Division’s attention that some insurers have initiated premium refund credits, checks, dividends, and similar measures in response to the lockdowns and other disruptions brought about by the COVID-19 pandemic, without submitting notification via electronic filing in SERFF. The Division requires that all premium-relief plans changing or refunding premium, dividend plans, measures providing cessation of cancellations, working with insureds by extending payments to future dates, or other types of consumer assistance with impacts upon Nevada insureds, must be filed. Relevant items describing the insurer’s approach – e.g., any revisions to rating rules, any new endorsement forms, and similar changes – should be filed within SERFF as soon as possible, with the understanding that a rapid turnaround will be provided. The filings may have retroactive effective dates and are not intended to delay the provision of relief to insureds. However, the filings are necessary to enable the Division to monitor insurer responses to the COVID-19 pandemic and also to exercise its prior-approval authority pursuant to Nevada law. The Division will promptly review all filings and will approve all reasonable proposals for consumer relief but maintains its statutory authority to question or disapprove proposals which may conflict with NRS 686B.050 and NRS 686B.060.</p> <p>April 30, 2020: Please see the recently issued statements regarding temporary producer licensing and P&C Premium Relief.</p> <p>May 7, 2020: The Division issued guidance to workers’ compensation insurance carriers who have issued policies to employers in Nevada. This guidance is intended to address the effects of the COVID-19 emergency on workers’ compensation in Nevada. The Nevada Division of Insurance has approved filing B-1441 by the National Council on Compensation Insurance, which developed a new rule and a corresponding statistical code for reporting such payroll and that excludes such payroll from the calculation of workers’ compensation premium. Furthermore, Nevada law does not prohibit workers’ compensation carriers from suspending premium payments by the closed-but-paying employers. However, all reporting requirements of the NCCI will remain in effect.</p>	<p>Corporate and Financial Filing Requirement Compliance</p> <p>Notice to P&C Insurers: Disallowance of New Exclusions Related to COVID-19, Viruses, or Pandemics</p>

	<p>June 3, 2020: In Bulletin 2020-02, the Division advises that flexibility is being provided in part to recognize that states anticipate using additional targeted information requests to gather more specific information and each insurer's prompt attention to such requests is appreciated.</p> <p>June 22, 2020: Per a Department Notice, until the Governor's Declaration of Emergency related to COVID-19 is lifted, the NVDOI will not approve any exclusion language related to COVID-19, viruses, or pandemics. Furthermore, insurers who submitted and received approval for such exclusionary language on or after March 12, 2020, are requested to voluntarily withdraw said language.</p>

<p>Bulletin No. 20-22 directs insurance companies in the state to provide premium reductions to consumers and businesses during the COVID-19 emergency. The Department issued the bulletin directing insurance companies that offer personal and commercial lines of insurance including personal and commercial auto insurance to provide premium refunds or similar forms of relief to policyholders. The department’s directive reflects the reduced risk of loss due to COVID-19 and the state’s response to protect the public against it.</p> <p>May 14, 2020: Per Bulletin No. 20-24, in order to continue to ensure that cost-sharing is not a barrier to consumers receiving screening and testing for COVID-19 as testing procedures expand and develop throughout New Jersey, and consistent with federal guidance implementing the Families First Coronavirus Response Act and the Coronavirus Aid, Relief, and Economic Security Act², the Department is expanding the requirements in Bulletin 20-03 to require carriers to cover, without cost-sharing, without prior authorization or other medical management requirements, any SARS-COV-2 molecular test authorized pursuant to the DOH standing order.</p> <p>June 1, 2020: Per Bulletin 20-27, in response to the disruption caused by COVID-19, the Department is directing carriers to provide policyholders and contract holders who may be experiencing a financial hardship due to COVID-19 with a 60-day emergency grace period to pay premiums so that insurance policies or contracts are not cancelled for nonpayment of premium due. A policyholder or contract holder may elect to begin the emergency grace period retroactively on April 1, 2020 or May 1, 2020. During this emergency grace period, carriers cannot cancel any policy for nonpayment of premium. While that could be done remotely with the correct processes and procedures, not all companies offering other methods of education are set up for this kind of remote proctoring.</p> <p>Select an education provider that can meet your education timing requirements For those who need to complete continuing education to renew their licenses, <i>we strongly encourage that you check with the education provider that they can meet your education timing requirements before you select your provider.</i> At the present time, we are not planning to extend deadlines for completing continuing education as there are methods currently in place to obtain the education while complying with recommendations to reduce the spread of the virus.</p> <p>Do not wait until the last month; Complete continuing education early We also highly recommend that individuals complete their continuing education requirements early, preferably at least a month before renewal. There are rules that prohibit a person from taking more than eight (8) hours of CE each day. Therefore, you will need at least three (3) days to complete your CE, even if you are taking the maximum number of hours each day. In addition, education providers have fifteen (15) days to upload completion information after you complete the course. You will not be permitted to submit your renewal request until the system shows you have completed the required education and our staff still may need to review your renewal application before it can be approved.</p> <p>As a result, it's very important to complete your continuing education early and to submit your renewal early in the 90 day renewal period. Each month we have a few individuals who contact us because they were unable to complete their education timely asking for us to give them more time or waive the \$45 late fee. Our ability to do that is very limited under ORS 744.073, which allows us to make exceptions for those unable to comply with the requirements as a result of military service or something like long-term medical disability. Issues such as technical difficulties with your computer while completing the education, a delay of less than 15 days by the education company in submitting the completion certificates, or a cold in days prior to renewal that prevented a person from completing the course are not sufficient for an extension. Therefore, we highly recommend that you complete your continuing education early</p>		
PA	<p>The Department issued the following notice via SERFF: As you may be aware, on Sunday March 15, 2020, Governor Wolf has directed State Government employees who work at the Capital Complex to telework from home. These measures were taken in an abundance of caution in light of the spread of COVID-19. As the Department is located within the Capital Complex the closure necessarily effects the Department and its employees. Given this fact, the Department is issuing this objection letter to all filers who currently have filings in front of the Department.</p>	<p>PA Recent Notices</p> <p>PA Section 1332 Waiver</p> <p>PA Health Insurer PR</p> <p>PA Access to Care PR</p>	6/24/2020

<p>The Department, in preparation for this contingency, has prepared to allow employees to telework from home so as to maintain operations of the Department. As such, we anticipate limited disruption to the Departments operations. Nevertheless, as the Department transitions to telework over the next few days it is important for the Department to maintain its essential regulatory operations and to address issues as they are presented. To this end, the Department is requesting that all insurers review any pending or anticipated filings which have or will be made with the Department to determine whether such filing is necessary and essential to the insurer's operations. The Department respectfully requests that any filing which is not necessary and essential to an insurer's operations be withdrawn at this time.</p> <p>The Department would like to stress that this request is not indefinite as the Department is prepared and able to continue its normal operations during the pendency of the COIVD-19 spread. This request is made merely to allow the Department the necessary transition as Department employees move from working at the Capital Complex to working from home. The Department will be in contact with you at a further point to discuss ongoing operations.</p> <p>In closing, the Department would like to thank you in advance for your cooperation in this regard. This closing, and the COVID-19 spread in generally, has had an impact on the entirety of this Commonwealth from insurers to producers, to the public generally. Governor Wolf's administration is cognizant of the difficulties that this poses and has instructed the Department to minimize disruptions to the ordinary operations of our regulated community. With your help, the Department is confident in its ability to maintain its operations and assist the industry and the citizens of this Commonwealth in their time of need.</p> <p>On March 20, 2020, the Pennsylvania Insurance Department issued the following <u>guidance</u>: "The administration recognizes there are functions within many of your companies that must continue to ensure the critical needs of your policyholders are met. With that in mind, the announcement also put forth that special exceptions may be provided in limited circumstances. PID has been given oversight of applying that exceptions process for our regulated entities. To do so effectively, the Department offers the following guidance:</p> <ul style="list-style-type: none"> • ANYTHING that can either be handled via telework or foregone all together for a period of time should be done so • ANYTHING that can be done to minimize the number of people needed in the office and/or the number of people needed in the office at one time should be done • Very limited personnel, such as very limited on site IT support to monitor network operability for a large workforce operating via telework or a minimal staff to process mail, where social distancing is inherently applied because of the small number of people anticipated to be present in the office, is acceptable without the need for processing of an individual exception 	<p>PA Notice Regarding CE and Licensing Renewal</p> <p>PA Filing Guidelines for Insurers</p> <p>PA Directives to All Insurers</p> <p>Special Enrollment Periods</p> <p>PA CE and Licensing Renewal Information</p> <p>Department Warns Against In-Person Sales</p> <p>Dept. - Services needed to directly support otherwise deemed life-sustaining functions are acceptable without the need for processing of an individual exception; if this is unclear, please discuss with the Department. In these cases, social distancing and other preventive measures should be applied to the greatest extent possible. (the only example of this the Department is aware of is an integrated delivery system providing child care for working medical professionals in their health system, where the child care center is located within the insurance entity's offices)
- If there are any truly essential functions that under no circumstances can be foregone or executed via telework, therefore requiring a significant number of employees in a given office space, PID will need to individually grant an exception. In order to obtain such an exception, regulated entities should email me at and outline:
 1. Why these functions are absolutely essential
 2. Why these functions cannot be completed via telework
 3. Processes the company has implemented or will implement immediately, such as social distancing, to prevent the potential spread of COVID-19 amongst employees

Thank you all for your commitment to working with the administration to prevent the spread of COVID-19 throughout our communities. We appreciate the level of communication with the Department thus far, and welcome further inquiries. As always, we will do our best to respond as quickly as we can while operating with finite resources. We do anticipate an influx of requests following this guidance and will do our best to respond timely, but ask your understanding as we work to execute a new process in a very short amount of time.”

<p>Please review the recently issued Bulletins 2020-09 through 2020-11 providing additional industry guidance. Additionally, SERFF issued a letter regarding auto insurers.</p> <p>April 15, 2020: Issued via SERFF: On March 16, 2020, the Department began to telework from home due to the closure of the Capital Complex to limit the spread of COVID-19. The Department requested insurers to review any pending or anticipated filings to determine whether their filings were necessary and essential to the insurer's operations. This request was a temporary measure put in place to allow the Department ample time to transition, address issues, answer questions, and respond to filings related to COVID-19. The Department's transition to telework has been successful and we are able to maintain the essential regulatory operations related to rate and form filings.</p> <p>The Department would like to thank you for your engagement and cooperation through this transition period. If you have been holding any filings, please proceed to file the rate, rules and form filings as usual. Even though operations are back to business as usual, the staff continues to telework in order to prevent the spread of COVID-19. We appreciate every insurer and producer's adherence to Governor Wolf's orders to close their physical locations, telework when possible, and consider the safety of the Commonwealth as a top priority.</p> <p>April 20, 2020: Please note that SB 841, recently signed by Governor Wolf, allows for the remote notarization of documents.</p> <p>April 22, 2020: Please see the attached Notice 2020-12 on Temporary Individual Resident Producer Licenses.</p> <p>May 14, 2020: In order to stop the spread of COVID-19 in the Commonwealth, the Department is issuing this Notice to all licensees of this Department to provide guidance about in-person operations and sales for insurance licensees in counties moving to the yellow phase of reopening in the Commonwealth.</p> <p>Telework and remote operations must continue where feasible in counties that have been designated to move to the yellow phase, however, in instances where that is not feasible, insurance licensees will be permitted to resume in-person operations, including in-person sales, with restrictions to protect licensees and consumers. <p>Via SERFF, the Department has issued the following: Any carrier making a filing in response to COVID-19, please indicate this on the general information page of the filing. This will help the department to easily identify and expedite the review and approval of all such filings. It is suggested that carriers use the term COVID-19 in the "product name" field and provide a description of what the carrier is filing in the filing description field.</p> <p>PLEASE NOTE: Vermont is not relaxing the requirements for certifications or other submission requirements due to COVID-19. Any filing that is submitted without the proper submission statements, documents and fees will be rejected.</p> <p>Per a message available on SERFF: The Vermont Department of Financial Regulation has developed guidelines for carriers that wish to make filings related to premium credits or returned premium due to COVID-19. These guidelines are available on the SERFF filing rules page as a PDF attachment under "VermontPC". We have also posted them below: In response to the current COVID-19 pandemic and shelter-in-place orders, insurers have proposed various plans to reduce rates, return premiums or issue premium credits or dividends to their insureds. These plans should be filed on SERFF, and the Department will expedite their review, usually within one day. Insurers may choose how to submit these plans on SERFF with either of the following: 1.) Form Filing – Please include the endorsement that will be attached to policies and a memorandum detailing: (a) which policyholders will receive the premium credit, dividend or payback (b) the amount of premium credit, dividend, or payback, expressed as a percentage of premium (c) how policyholders will receive the payment (d) the aggregate premium impact for Vermont as well as the number of Vermont policyholders who will receive premium credits, dividends or paybacks (may be submitted post approval) (e) the effective date and the date that the endorsement will no longer be used or valid OR 2.) Rate or Rule Filing - The insurer is NOT required to include a rate or rule manual page. Please attach the explanatory memorandum under the Rate/Rule Schedule Tab. It will suffice to file a memorandum outlining the following: (a) which policyholders will receive the premium credit, dividend, payback, or rate adjustment (b) the amount of premium credit, dividend, payback, or rate adjustment, expressed as a percentage of premium (c) how policyholders will receive the payment</p>	<p>Coverage of Telehealth Services</p> <p>Commissioner Statement re: SBA Paycheck Protection Program Loans</p> <p>Emergency Rule H-2020-03-E: Coverage of COVID-19 Diagnosis, Treatment, and Prevention</p> <p>Insurance Bulletin No. 211: Suspension of Routine Provider Audits by Insurers</p> <p>Insurance Bulletin No. 210: COVID-19 Prescription Drug Refills</p> <p>Emergency Rule H-2020-04-E: Suspension of Prescription Drug Deductibles</p>

<p>continuity of operations. Here's what we've done from a "social distancing" standpoint so far in response to the crisis:</p> <ol style="list-style-type: none"> 1. We are no longer holding any in-person meetings in any OIC building/facility with anyone from outside the agency. This includes hearings at the Office of Judges (OOJ) and the Board of Review (BOR), and any other form of gathering that includes non-employees from outside the building/facility. If able, these meetings/hearings can take place telephonically, via the Web, by Skype, etc. Please check with your point of contact in the OIC, at the OOJ or the BOR about how to communicate or how hearings will be held. 2. We have also stopped any "walk-in" visits in all OIC buildings/facilities. Please don't come to any of our buildings/facilities as you will be turned away. Instead, please communicate with your point(s) of contact in the OIC/OOJ/BOR by telephone, e-mail or regular mail. 3. We are aware that testing centers and fingerprint vendors are closing temporarily due to the crisis. This has already produced a backlog of producer licensing and this backlog continues to grow. We are evaluating options to try to alleviate this issue and will provide more guidance as soon as possible. <p>4/3/2020 Bulletin No. 20-04a replaces Bulletin No. 20-04 and provides guidance on what the OIC expects from insurers in regard to continuity of operations and preparedness plans to address any operational risks, and to ensure that insurers are identifying, monitoring, and managing the financial risk posed by the COVID-19 crisis.
